1. City Administrator's Time: City Administrator Kelly Hayworth provided the following updates:

- The stream bank mitigation banking instrument is finalized and ready for signatures with a buyer interested in all available credits; no further credits will be available until construction is complete in about two years.
- The bids for reconstruction of 5th Street are due next week and seven or more general contractors have expressed interest.
- The IGHSAU has adjusted ticketing format and start times for the high school volleyball tournament, which should alleviate some of the congestion experienced last year. Hayworth said the tournament begins at noon on the first day and 10:00 am thereafter, and staff will once again monitor traffic signals for traffic flow. He said the CVB will operate a shuttle from Coral Ridge Mall to Xstream Arena and the cost of parking will be included in the ticket price.
- The state wrestling tournament is also adjusting start times to assist with traffic flow.
- The interchange at 1st Avenue and Interstate 80 will be ready to switch traffic to the other side by Thanksgiving and demolition of the old bridge will begin then. Hayworth noted pedestrian access will also change sides.
- The City's contract with the CVB needs to be discussed at a future work session and updated for a future City Council agenda.

Adjourned at 7:30 pm.
