

# CAMP CORALVILLE

## Purpose:

While providing quality after school programming is the primary purpose, a secondary mission will be the education for the children about the importance of leisure and recreation. Children will have the opportunity to try many recreational activities, as well as help in the planning of the activities they, with their peers, will participate in. Through this process, children will build self-esteem and life planning skills, which will benefit their growth.

## After School Program:

Children have the option to choose a variety of recreational games, arts & crafts, homework time, recess at the park, and much more during the program. An afternoon snack is served daily.
