

MEMORIAL & CELEBRATION PROJECTS

City of Coralville

Coralville Parks and Recreation has opportunities for memorials to commemorate a loved one or celebration projects for a special achievement.

Trees

The purchase of a memorial tree includes an engraved stone that will be installed at the base of the tree. The city will purchase and plant the tree and will maintain for its lifetime. The donor may express preference of location and species of the tree to be planted per a list from the city. The exact location and species of the tree, however, will be determined by city staff depending on needs and site conditions. We will work with you to find the ideal species and location. Memorial Tree: \$500-\$750

Benches

With the bench program the donor has the option of having a plaque installed on the backrest of the bench. City staff will install the bench and plaque. The plaque is approximately 4" x 6". The maintenance of the bench will be the city responsibility for the life of the bench. The donor may express a preference to the location of the bench. The exact location of the bench will be determined by city staff. Memorial Bench: \$900

Theater Seats

Sponsoring a seat at the Coralville Center for the Performing Arts is a great way to celebrate a commitment to the local arts and culture. Seat donors are listed on the main floor or balcony level depending on choice of seat sponsorship. The seats are recognized for the life of the seats in the theater.

Main Floor: \$750

Balcony Level: \$500

Other Memorial and Celebration Opportunities

Larger gifts such as bleachers, shelters, trail kiosks, or other opportunities may be available. These gifts may have naming opportunities associated with the project. All projects and items are subject to approve by the Coralville Parks and Recreation Commission.
