

# Coralville Scavenger Hunt

Each park has a gold stone hidden, check each park off as you find them using the clues below!

**Central Park:**  
The gold stone can be found where you can hear water flowing and a rainbow path occurs.

**Coralville Recreation Center:**  
The gold stone is found in a place that announces the destination.

**North Ridge Park:**  
The gold stone is found near something big and brown. It is near something that was placed in the park by an artist.

**Youth Sports Park:**  
The stone can be found where you might rest your weary legs after a good swing through.

**Dovetail Recreation Area:**  
The gold stone can be found where you can smell a beautiful scent and admire a buzzy bee or two.

**Iowa River Landing Wetlands Park:**  
The gold stone is found near a statue of something that breathes much differently than humans.

**S.T. Morrison Park:**  
This stone creates a place for rest and to enjoy a beach like view. It is near sand, but also a tire swing.

**Tom Larkin Trailhead:**  
The gold stone is found near the place I may need, should I get a flat tire.
