What is Trail Trekkers?

Trail Trekkers is for kids entering 6th to kids entering 9th grade, these participants are required to have a working bike along with a helmet for their travels in the Coralville and Iowa City area. Most mornings will be spent on community service learning projects and learning/self-development opportunities. The afternoons are spent swimming, exploring and going on local and out of town field trips.

The staff will facilitate, while the participants are actively involved with the planning of the program's weekly development. Each week consists of new activities and adventures along with weekly field trips. This is a great opportunity to give back to the community while making and meeting new friends. Trekkers average about 5 to 10 miles a day on their bikes, this program is recommended for kids that are strong bike riders.
